

Sam Okonkwo

sam.okonkwo@example.edu

Skills

Ruby, Rails, Sidekiq, MySQL, Redis, RSpec

Experience

Harbour Lending, Data Engineer Intern, Summer 2025

Replaced a nightly CSV hand-off with an incremental sync, which removed the daily reconciliation step the finance team had been doing manually.

Added contract tests between the two services so schema changes fail in CI rather than at three in the morning.

Education

McGill University, BA Computer Science, expected 2026
